Our Analysis

Website Audit Summary - Al-Sarh Cleaning & Services Your website has solid fundamentals (60/100 SEO score, 5-star rating), but critical issues are holding you back. Missing meta descriptions and 8 images without alt text make your site nearly invisible to search engines—meaning potential customers searching for "cleaning services in Al Wakrah" likely never find you. Additionally, no visible contact information creates friction when interested clients want to reach you. PixelForgeBD can optimize your SEO, add proper image descriptions, and prominently display your contact details to turn online visitors into paying customers.
