Our Analysis

Website Audit Summary for Maid Marines We audited your site and found a strong SEO foundation (80/100), but three fixable issues are limiting growth: your page title exceeds ideal length by 8 characters, your meta description is 4 characters too long, and contact information isn't prominently displayed—causing potential customers to bounce before booking. These gaps directly reduce click-through rates from search results and make scheduling services unnecessarily difficult. PixelForgeBD can quickly optimize your title/descriptions and strategically place your NYC address and phone number to boost conversions and capture more local cleaning service inquiries.
