Our Analysis

Website Audit Summary for Wow Clean NYC Your website has solid bones with a 70/100 SEO score and excellent 5-star reviews, but you're leaving money on the table—missing meta descriptions and 29 images without alt text are hurting your Google rankings and making your site invisible to potential customers searching for cleaning services in Manhattan. These technical issues mean fewer clicks, fewer calls, and fewer bookings when you should be dominating local search results. PixelForgeBD specializes in fixing exactly these problems: we'll optimize your metadata, add compelling alt text, and boost your SEO to turn more searches into customers.
