Our Analysis

Website Audit Summary for Grace Cleaning Services NYC We audited gracenewyork.com and found a solid SEO foundation (71/100), but three missing image alt texts and an unencrypted HTTP connection are holding you back. These issues hurt your Google rankings for local searches like "house cleaning in East Village" and damage customer trust—especially important when people are inviting you into their homes. PixelForge can fix these technical problems within days, boost your local SEO visibility, and help convert those potential customers already impressed by your stellar 4.8-star rating into actual bookings.
