Our Analysis

Website Audit Summary for Wow Clean NYC Your website has a solid 70/100 SEO score, but you're missing critical elements like meta descriptions and alt text on 29 images—this means potential customers searching for "house cleaning in Manhattan" might not find you, and Google can't properly index your service photos. These gaps are directly costing you visibility in local search results where customers actively look for cleaning services. PixelForge can quickly optimize these technical issues, improve your local SEO ranking, and ensure your 5-star reputation drives more qualified leads to your door.
